Dear Monsignor La Roque:

This refers to our meeting on December 22, 1982 concerning your request to maintain Father Stone in Canada on a Minister's Permit.

As we discussed at our meeting, a Minister's Permit will be issued to Father Stone on the basis that you have concurred with the following conditions:

1. You will be personally responsible for Father Stone and his behaviour in Canada and are willing on all occasions to answer for it;
2. Father Stone will remain in the same or similar duties in the Cornwall area, i.e., working only with geriatric cases or alcohol rehabilitation cases;
3. Father Stone will not be allowed to work with young people;
4. Father Stone will continue to undergo his rehabilitative therapy on a regular basis as he is presently;
5. Father Stone will continue to enjoy the support of a group of religious Fathers as he does presently;
6. You will be responsible for maintaining a strict control on Father Stone;
7. Decision to renew the Minister's Permit will be made following an annual review.

The Canada Immigration Centre in Cornwall has been advised of the conditions surrounding the issuance of the Minister's Permit and will be calling Father Stone in for an interview.

Yours sincerely,

Lloyd Axworthy
