

STATEMENT

GERALD WESLEY RENSHAW

06 December 1965

I, Gerald Wesley Renshaw, a.k.a. Gerry Renshaw, currently reside in the city of Cornwall Ontario. I am 30 years old.

I lived on the St. Lawrence River in Ken Seguin's home for approximately two years. I lived at Ken Seguin's home from on or about late 1987 to early 1990.

During the time that I lived at Ken Seguin's home, Mr. Ron Leroux and Mr. Don Labelle were neighbours that lived one door away they were good friends of Ken Seguin. Mr. Fern Touchette was also a neighbour of Ken Seguin's, and a good friend.

On or about 1989-1990, I observed Malcolm MacDonald, Claude Shaver (ex Chief of Police) and Stuart MacDonald at Ken Seguin's home in Summerstown, Ontario. All three of them were standing at the north-west corner of Ken's front yard in front of Malcolm MacDonald's car. The car (Malcolm's) was a 1987 Fifth Avenue gun metal blue. It was a nice summer afternoon and I was returning from work at Richmond Diecasting in Summerstown, Ontario. I was returning from work to get a change of clothes. I remember seeing either one or two of them holding duffle bags. I said hello to them and I don't believe that they responded. I go inside Ken's home and get my change of clothes. I stay inside approximately five minutes and exit through the back door. As I go to my truck, I observe again Malcolm MacDonald, Claude Shaver and Stuart McDonald, still standing and talking in the same general area in the front yard of Ken's home. I then got into my truck and left.

I have observed Stuart McDonald, a police officer, at Ken Seguin's home on other occasions, at least twice.

I have observed Ron Wilson, owner of Wilson's funeral home, at Ken Seguin's home numerous times.

I have observed Claude Shaver, ex Chief of Police of Cornwall Ontario, at least three times.

I have observed Charles MacDonald, a catholic priest, at Ken Seguin's home once or twice a week.

I have observed Bishop Eugene LaRocque at Ken Seguin's home at least a half dozen times.

I have observed Kevin Maloney, a catholic priest, at Ken Seguin's home at least twice.

I have observed Malcolm MacDonald, lawyer and ex Crown Attorney, at Ken Seguin's home once or twice a week. Malcolm was like furniture at Ken's, he was always there.

I have observed David Ostler at least once at Ken Seguin's home. I was later informed that he was a priest.

I have observed David Latreille at Ken Seguin's house at least a dozen times.

I have observed Ron Leroux at Ken Seguin's home daily.

I have observed Don Labelle at Ken Seguin's home at least twice weekly.

I have observed Ranald (Rory) MacDonald at Ken Seguin's home at least twice.

I have observed Joss VanDeepen, a probation officer in Cornwall, at Ken Seguin's home at least half a dozen times.

I have observed Cara Berry at Ken Seguin's home weekly. Cara Berry was at all relevant times my girlfriend.

I have observed Fern Touchette at Ken Seguin's home daily.

I have observed Al Laplante at Ken Seguin's home at least once a month.

I have observed Dale Crowder at Ken Seguin's home on numerous occasions.

I have observed Norm Robertson at Ken's home on numerous occasions.

I have observed my two brothers, Fred Renshaw and Bobby Renshaw, at Ken Seguin's home at least every two months.

I have observed my sister Carole Deschamps, at Ken Seguin's home on several occasions.

I have observed Harvey Berry Jr. a.k.a. Pitou (P2) at least every two weeks.

I have observed a guy named Gino at least two or three times, once at Ken's and once or twice at St Andrew's parish house and also at the parish house in Williamstown. Gino would always come with David Latrielle.

I have observed David Morpaw at Ken Seguin's home on numerous occasions.

I have observed Perry St. Louis at Ken Seguin's home at least once.

I have observed Mark Menard at Ken Seguin's home at least once a month.

I have observed Brian MacDonald at Ken Seguin's home at least half a dozen times.

I have observed several other people at Ken Seguin's house.

I have observed Andre Pommier, owner of a jewellery store in Cornwall, at Ken Seguin's Home. I also observed Andre Pommier at Malcolm MacDonald's Cottage, on Stanley Island, where on at least one occasion he spent the night.

I was introduced and met Daniel Flipson and Sylvain Flipson through Charles MacDonald. I was Introduced to Daniel and Sylvain at the Williamstown parish.

I have observed a beaten-up suitcase, brown or beige with a flop-over cover with a lock on it. I observed it in Ken's large closet in his bedroom. Ken advised me that he was being harassed by David Silmsler. He stated that he was terrified of a criminal investigation and of losing his career and his family name. He advised me that he had to get rid of some video tapes that would implicate him. He also advised me that he had my probation records and that he had to destroy these as well. Approximately two days later, Ken advised me that my probation records were missing. Ken should not have had these records in the first place.

On or about late 1992, Charles MacDonald, Ken Seguin, Ron Leroux and Malcolm MacDonald are in Ken's living room and they are discussing the unfairness of charging a priest from Alfred twenty years later. I quickly responded "fuck that, they should go after them". After that you could hear the light bulbs. It was a dead silence. I then left the room.

Ken also talked about Perry Dunlop, the Police officer, after Perry went to C.A.S. Ken was terrified of being investigated. He said " fucking Dunlop I'm going to lose my career". It was approximately at this time Ken advised me about having to get rid of video tapes and my probation records.

On or about December 1993, I gave a statement to Chris McDonell an O.P.P. officer from Lancaster, there was also an Ottawa Police Officer there. The Ottawa Police officer advised me that there was a phone call between Ken Seguin and David Silmsen. They interview me for no more that 15 minutes, short and sweet.

I am aware that Malcolm MacDonald, Ken Seguin, Ron Leroux, Don Labelle, Ron Wilson, Bishop Larocque, Charles MacDonald and David Latrielle would meet in Fort Lauderdale on different occasions.

I recognize and identify the following people from pictures that Perry Dunlop showed me:

#8 Bishop Eugene Larocque

#17 Murray MacDonald saw him at Ken's or Malcolm's cottage

#20 Father Charles MacDonald

#11 Father Kevin Maloney

#18 Malcolm MacDonald

#16 Ron Wilson

#10 Andre Pommier

#9 Stuart McDonald

#12 Bishop Eugene Larocque

#7 Stuart McDonald

#2 Claude Shaver

#6 Father Kevin Maloney

#21(b) Father David Ostler

I remember one time when this was going on that Malcolm was at Ken's home. There was a conversation taking place where Malcolm was saying " I've been talking to Shaver about Dunlop and you're worrying for nothing". I remember that Ken was still worried alot about the situation.

I got the impression from Ken that everything was coming to a boil. Ken indicated that Malcolm was going to retire and that he was aware that he was obstructing justice with this case. Ken said that the group was coming apart at the seams. I knew that they were homosexuals, but as I look back now I beleve in my heart and my gut that they were homosexual pedophiles.

The reason that I quit living at Ken Seguin's home was the fact that he was coming onto me sexually. I also felt pressure from my friends and co-workers who were constantly saying " what are you doing living with that queer, are you one?"

I saw alot of people that were on probation stop by at Ken's home. I saw alot of people who were ex-probationers stop by at Ken's home. Most of the probationers were 16 years of age and up.

I would have to say that Ken Seguin approached several of his probationers sexually. He would have had thousands of contacts over the years. I'm surprised that probation never investigated this entire mess.

As I look back now I knew things were coming to a boil. I thought Ken would do something drastic like leave. He told me he was in alot of shit. He never got into detail because he knew how I felt about people who touched kids or a pedophile. I told him to go to Florida and open a bait shop. I knew why he killed himself before I even talked to Ron Leroux.

I make this statement of my own free will
