Memo of interview with Fr. Carl Stone, S.M.M.

At the request of Fr. Gary O'Leary, with whom Fr. Stone has been staying since he left Southdown, I met Fr. Stone. For the past 11 years (since 1971) he has been working in the diocese of Albany, N.Y. but had to leave because of an affair with boys. He has undergone treatment and feels he can cope with his life-long weakness, especially with the support of fellow priests.

I have asked his name to be alone with a boy (s) in a room at a car.

I am trying to get him appointed to St. Joseph's Villa as chaplain and part-time at Mount Carmel House.
